Special thank you to Jamie Allen for the wonderful baked goodies.

Commissioner Steve Stuart introduced new Clark County Planning Commission Commissioners George Vartanian and Dr. Milada Allen and announced that the Board of County Commissioners approved an additional neighborhood mailing for each association. Commissioner Stuart acknowledged the value of our neighborhood associations and thanked the volunteers for their contribution to our community.

Each association now has the opportunity to mail three newsletters to every home within their association boundary. The request was initiated by Mona Moyer with the Pleasant Highlands Assoc. to Bill Barron, County Administrator. Those in attendance thanked Commissioner Stuart.

Additionally, Commissioner Stuart will begin holding town hall meetings. The previous town halls were focused on the geographical location of the event. This session of events will be topic specific. The first town hall is to talk about the current and upcoming environmental issues facing the county today. It is scheduled for April 13, 5:30-7:30 pm at the Salmon Creek Brew Pub located at 108 W Evergreen Blvd. Those who wish to attend should RSVP to Bob McIntyre. Bob.McIntyre@clark.wa.gov or (360) 397-2232.

Rich Carson, Director of Clark County Community Development sent a letter to Doug which requests NACCC co-sponsor a forum with The Columbian and the American Planning Association. The forum would focus on State Initiative 993, proposed state property compensation law which is similar to Oregon's Measure 37. A vote was taken and it was decided that Doug should contact Rich and clarify the timeline and expectations of a commitment. Doug will report at the next meeting.

Jim Jacks, SW Washington Public Liaison with the Governor's Office announced that the Governor would like people from this part of the state to serve on boards and commissions. He passed out a list of vacancies and encouraged anyone who wanted to apply, to go to the governor's web site which has complete instructions www.governor.wa.gov Currently Washington has 230 boards and commissions and 1,800 people serving on them. This area, however, is under-represented. Jim Jacks can be contacted at (360) 816-2216 or by e-mail at Jim.Jacks@gov.wa.gov

Columbia River Crossing project information was presented by Doug Ficco, Kris Strickler and Linda Mullen. \$50 million has been approved to select an option to improve the Columbia River Crossing at I-5. This project is the first phase in selecting and designing a final improvement project that will probably have to serve this area throughout the next century, as the current bridge has done for almost a century. There will be many opportunities for public to weigh in on this and influence the final design. Open houses are scheduled for 4:30-7:30 pm on April 12 at Hudson's Bay High School and April 13 at the Red Lion at Jantzen Beach.
